"Having the app, push notifications, calendar and email in one place really simplifies how we communicate."
LYN FLETCHER
Deputy Principal, Dalby South State

audiri.com.au

Are you feeling overwhelmed by the never-ending barrage of paperwork, struggling to manage various communication systems, and feeling like your messages aren't reaching the right people?

With **Audiri**, you can consolidate old-school comms systems, newsletters, schedule parent-teacher interviews, process permission forms and payments, publish schedules, promote activities and foster collaboration - all from your own branded app.

Audiri is everything a communication app should be

Ticking all your boxes:

Control your message:
Stop relying on social or cluttered inboxes. Message directly through the app

Goodbye admin, hello productivity:
One system, one subscription. No more fragmented, old-school comms programs

Local training and support:
Australian-based teams are here to help you through every step of your Audiri journey

Safe and secure:
Rest assured, Audiri meets government compliance, including ST4S ratings

audiri.com.au

Your school's very own parent app!

Create a unique parent app in your school name and brand without expensive development, hosting and maintenance costs.

- Professional profile for your school
- Clear messaging for parents to download app and instantly engage
- Reinforce your school's identity with every parent notification

Tailored Group Messaging

Centralise communication and eliminate the need for teachers to send traditional emails. Target messages to Private, Public or closed subscription groups.

- Communicate inside tailored groups - set up classes, tutorials, study groups and more
- Skip irrelevant updates
- Push notifications sent to students in real-time

Manage and Publish Student Photos

Efficiently manage student image permissions using AI and facial recognition technology and save hours of admin time.

- Automatically remove non-approved pictures
- Share photos of activities with parents

Effortless Newsletter Publishing

Design, write and publish your newsletter all within the app.

- Integrated into the console and app
- Easy to use template builder and publishing tool
- Stunning newsletters designs in no time

Event Management

Easily manage, schedule and monitor events across the school campus from your central command centre.
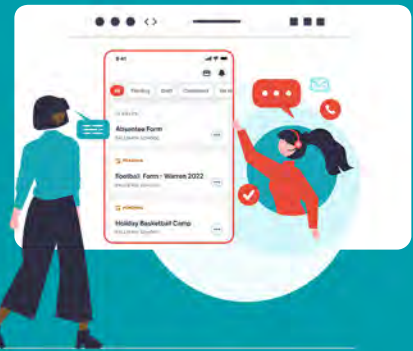

- Schedule events, fundraisers, parent-teacher interviews and more
- Keep an eye on numbers via in-console RSVP tracking
- Communicate events via push notifications from the app

Customisable School Forms

Create online forms for any occasion.

- Capture digital signatures and payments with customisable forms
- Receive permission slips
- Absentee notifications

Mobile Payments

Accept secure mobile payments without storing credit card information via My SchoolConnect integration.

- Place orders and payments at school, Uniforms, Tuckshops
- Sell fundraiser tickets

Parent Teacher Interview Scheduler

Manage bookings for Parent Teacher Interviews.

- Save time by quickly and easily scheduling interviews
- Reduce stress by streamlining the process
- Ensure accuracy by tracking all bookings

audiri

Frequently Asked Questions

Can I customise the Audiri platform for my school's specific needs?

Yes. The **Audiri** is fully customisable to your schools needs, you can even upgrade and brand the app with your own school's name and branding.

Is the Audiri software easy to use?

Absolutely! Audiri's all in one admin console is extremely intuitive and simple to use. We understand the importance of your success. That's why we offer comprehensive initial training and continuous support to make sure you receive the best of what Audiri can offer.

Is there a limit to the number of parents who can download the app?

No. There is **no limit** to the amount of parents who can download the app for their child's school, and it's completely **FREE for parents.**

Does Audiri integrate with other school software?

Yes. By collaborating with leading education software providers, Audiri can **seamlessly integrate** with various platforms to streamline your administrative needs. You can experience features such as Calendar Integrations, photo management through GeoSnapshot Integration and online cashless payment systems powered by My School Connect, with more partnerships to come in the near future.
